

# Arizona Boiler Co., Inc.

Phoenix, AZ

623-979-3301 ♦ Toll Free: 1-800-676-0301

Fax: 623-979-3666

Arizona Lic. # ROC072282 and ROCO076936

## Advantages:

- Discounted Labor/Parts
- No-hassle tune-ups
- Seasonal Preparation
- Fuel Savings
- Increased reliability
- Computerized Service History

## Winter Tips

Remember... Cold air is more dense than warm air. Your boiler will need to be retuned for best efficiency during the winter months

An out-of-tune boiler will cost you money. Excess air to the burner will carry off and waste energy. Also, excess fuel can soot the boiler, wasting even more energy.
